

**Application**

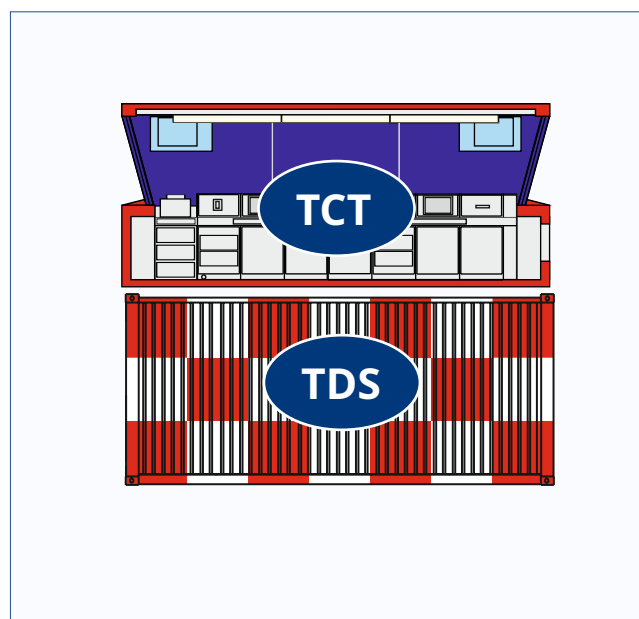

- small, simple stationary airports with low initial purchase costs and fixed light system

**Equipment**

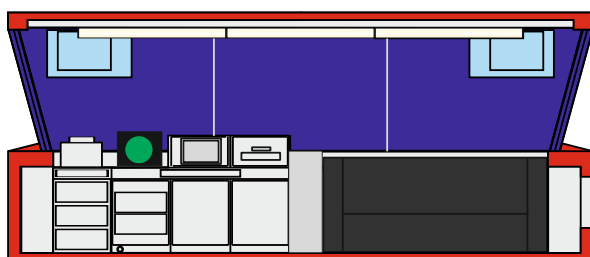

- module TCT - TOWER SIMPLE
- module TDS SUBSTATION+DIESEL 65kVA

**Option**

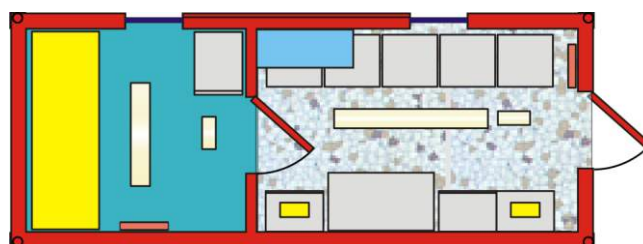

- meteostation

**TCT 1** one workplaces for air traffic controllers (TWR)

**TDS** diesel generator, LV distributor and regulators

chapter:

# 8.1 MDA 3 STANDARD

## Application

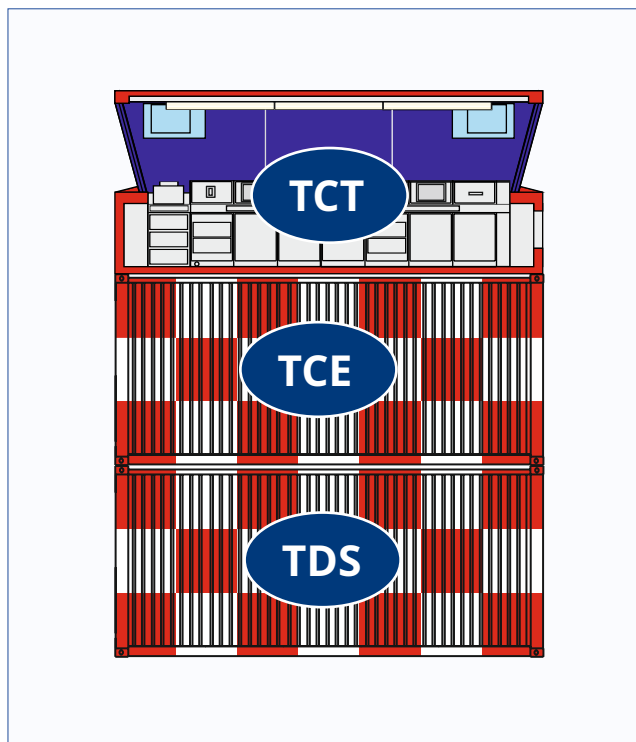

- medium stationary airports with low initial purchase costs, standard equipment and fixed light system

## Equipment

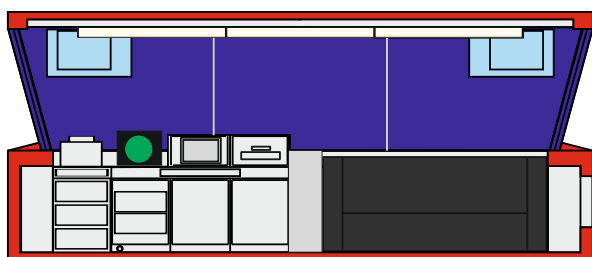

- modul TCE - TECHNICAL ROOM
- modul TDS - SUBSTATION+DIESEL 65kVA

## Option

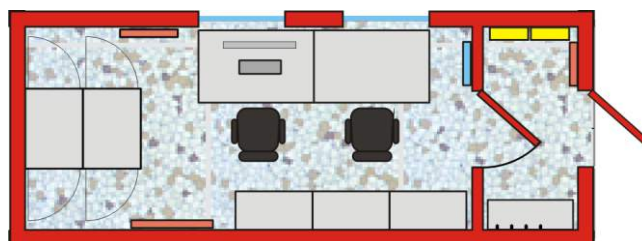

- meteostation

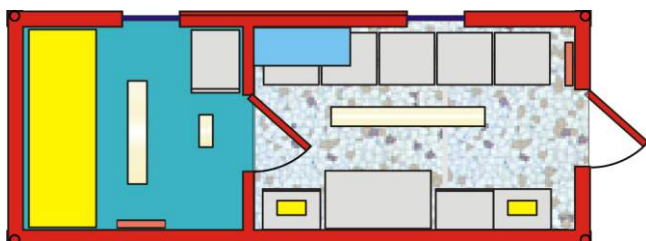

**TCT 1** one workplaces for air traffic controllers (TWR)

**TCE** technical room

**TDS** diesel generator, LV distributor and regulators

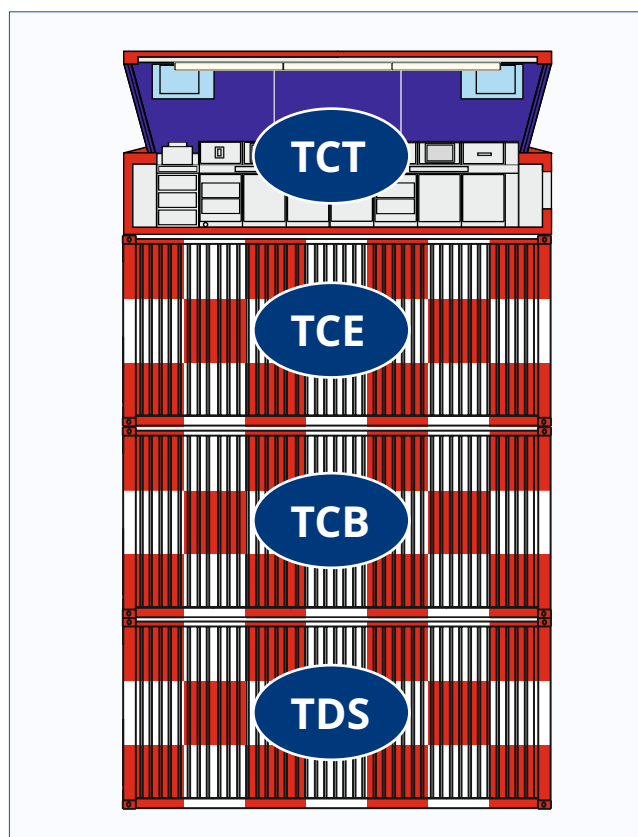

## Application

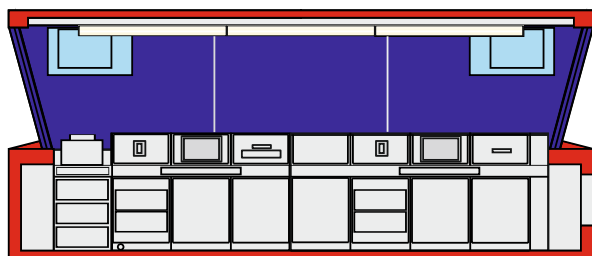

- comfortable mobile airports of high technical level and rich equipment and fixed light system

## Equipment

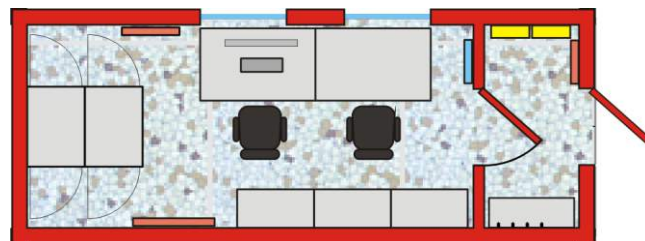

- module TCT.2 - TOWER
- module TCE - TECHNICAL ROOM
- module TCB - BRIEFING
- module TDS 65 - SUBSTATION+DIESEL 65kVA
- meteostation

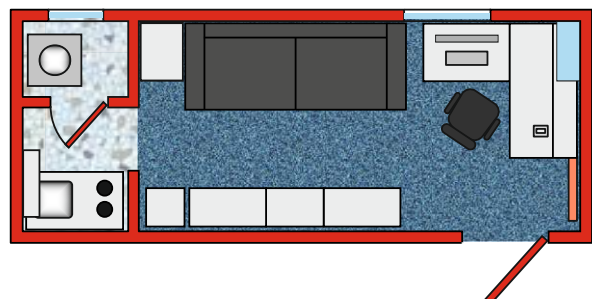

**TCT 2** two workplaces for air traffic controllers (TWR)

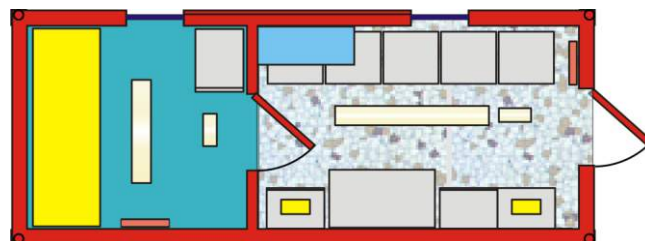

**TCE** technical room

**TCB** "briefing" for the set of the mobile airport

**TDS** diesel generator, LV distributor and regulators

chapter:

# 8.1 MDA 5 GRAND

## Application

- comfortable mobile airports of high technical level and rich equipment and fixed light system
- Double Width 6058 x 4876 mm

## Option

- module TCB
- module TCD
- module TCE
- module TCL
- module TCS
- module TCM
- module TDT
- module TDS
- module THV
- module TC-SEC
